IMPORTANT NOTES

This manual contains important information about the correct and safe use of the device. Before connecting and using this product, please read this instruction manual carefully and keep it on hand for future reference. The manual is to be considered an integral part of this product and must accompany it when it changes ownership as a reference for correct installation and use as well as for the safety precautions. The company will not assume any responsibility for the incorrect installation and / or use of this product.

IMPORTANT NOTES

Suspending any object is a potentially dangerous operation and should only be attempted by individuals who have a thorough knowledge of the techniques and regulations of rigging objects overhead. The company strongly recommends that all speakers should be suspended taking into account all current national, federal, state and local regulations. It is the responsibility of the installer to ensure that all speakers are safely installed in accordance with all such regulations. The company strongly recommends to inspect the system at least once a year. If any sign of weakness or damage is detected remedial actions should be taken immediately. The user is responsible for making sure that the supporting surfaces and any additional hardware used is capable of supporting the system. Any hardware used to suspend a loudspeaker array that is not provided by or associated with the company is not reccomended and is under the responsibility of others.

SAFETY PRECAUTIONS

1. Read these instructions
2. Keep these instructions
3. Heed all warnings
4. Follow all the instructions
5. Install in accordance with manufacturer's instructions
6. Only use attachments and accessories specified by the manufacturer
7. All the precautions, in particular the safety ones, must be read with special attention, as they provide important information.

Never attempt to carry out any operations, modifications or repairs that are not expressly described in this manual.

The company strongly recommends this product is only installed by professional qualified installers (or specialised firms) who can ensure correct installation and certify it according to the regulations in force.

IMPORTANT NOTES

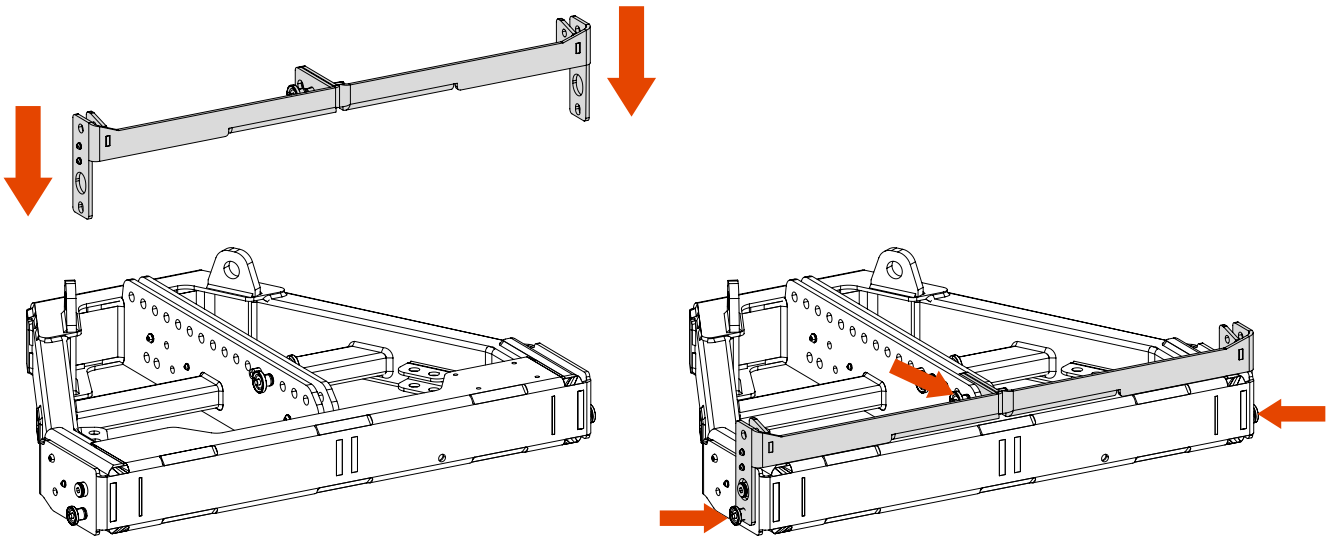
The company declines all responsabilities if the user applies this accessory to other configurations not mentioned in this manual.

RCF S.p.a. reserves the right to make changes without prior notice to rectify any errors and / or omissions.

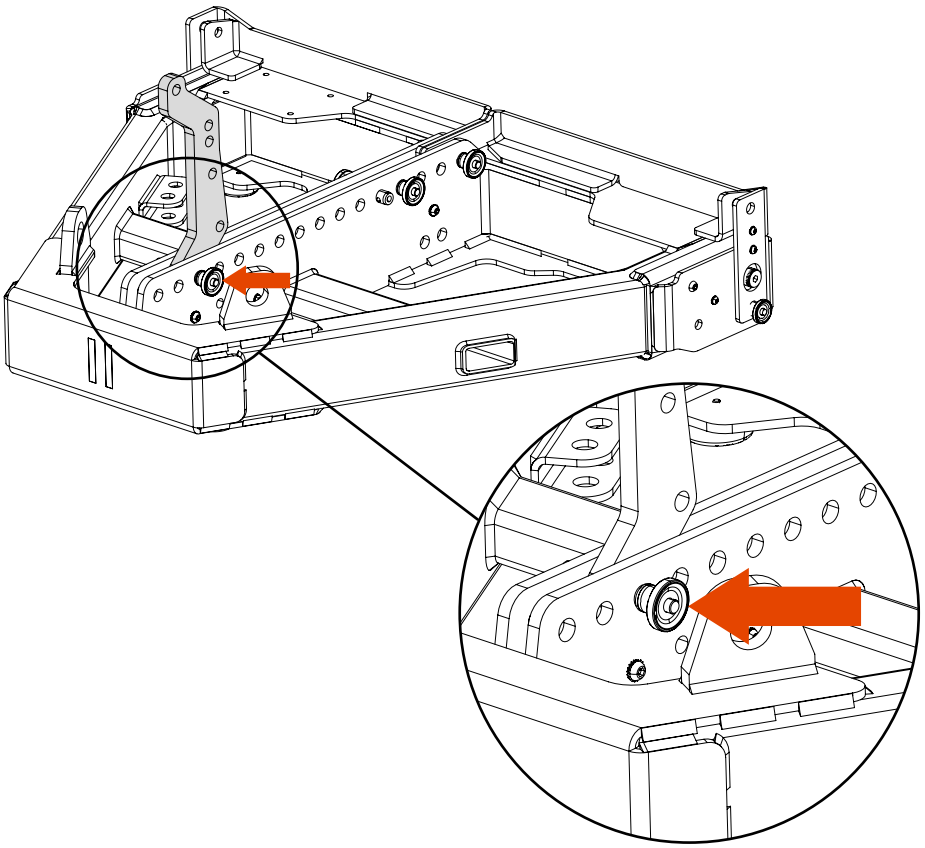
Always refer to the latest version of the manual on the website.

PLACING THE STACKING KIT OVER THE FLYBAR

Place the Stacking Kit over the flybar securing it with 3 Quick Lock Pins (two on the sides and a central one).

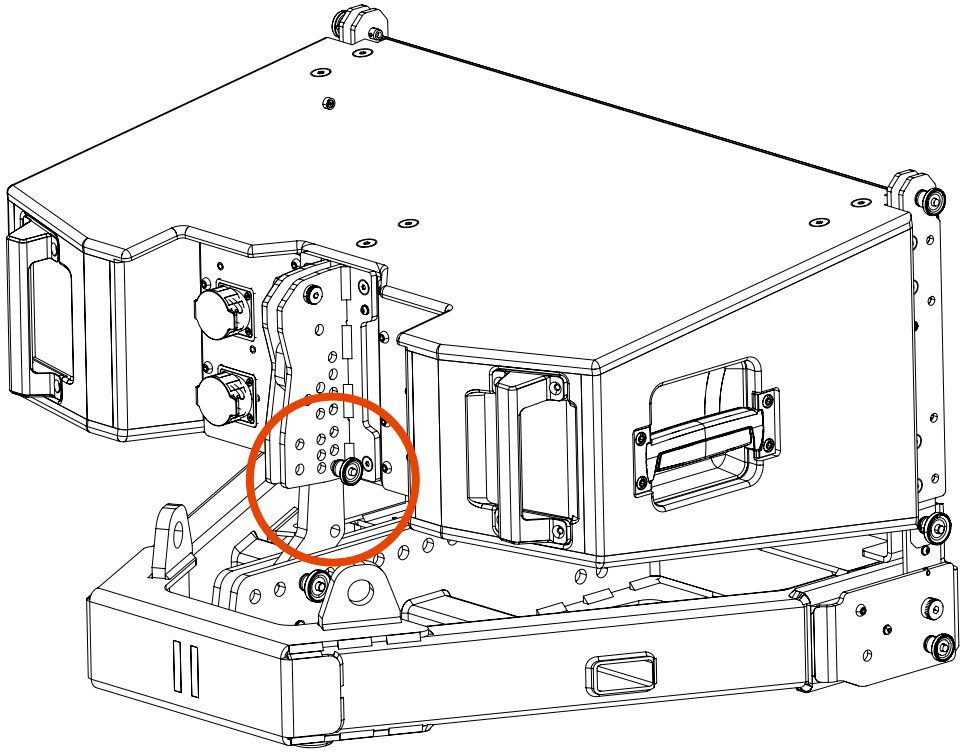


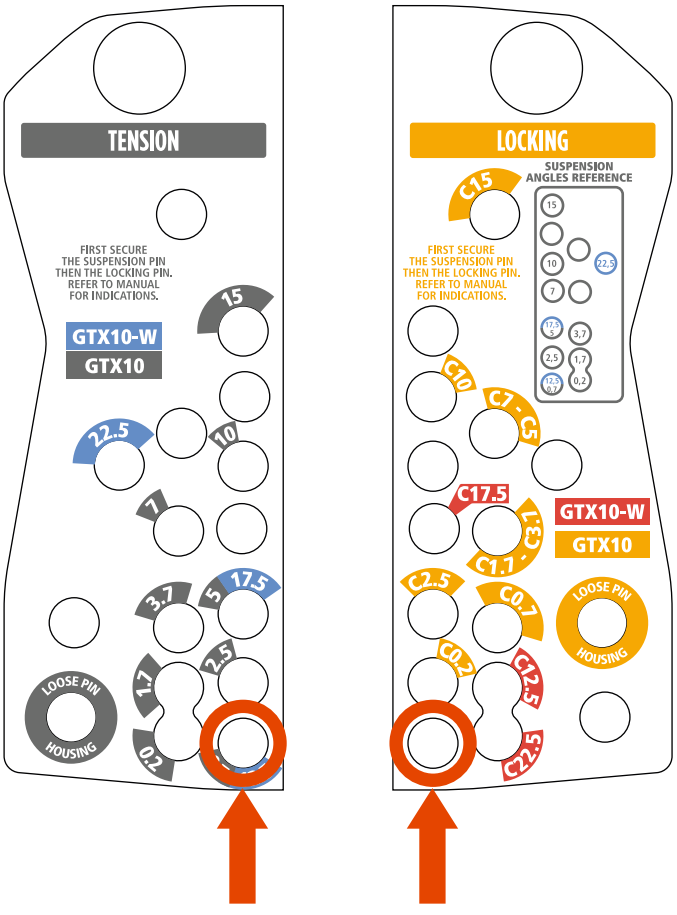
Secure the rear bracket on hole n. 3, as shown in the image below.



INSTALLATION

Place a GTX10 module over the stacking kit, securing it with 3 quick lock pins: two on fron sides, one on the rear bracket.





The rear bracket must always be secured through the hole located at the bottom corner of the speaker rear bracket.
